

Three Cups Point and Fire has an interesting pedigree; not fashionable or well known, but comes from some excellent bloodlines who have repeatedly produced quality performers over the generations. His sire, Three Cups Courageous, is a show jumper in the UK under an amateur owner/rider/trainer and has been very successful in many amateur championships including a 1.20m championship at Hickstead. His dam, Three Cups Leonora carries some old English eventing blood including that of Catherston Humbug, bred by the great Jennie Loriston Clarke of dressage fame. Leonora was also an outstanding field hunter and carried the Field Master of the Southdown and Eridge Hunt in southern England for many years. This mare was bold and fearless over big hedges, timber, wire and steel gates. She retired sound.

In the 1995 BCM world rankings, Jasper has rocketed into seventh place on the list of top progenitors. Of course, this Courville son had already made a name for himself in International jumping as Little One, but he seems equally competent as producer of showjumping horses.
